Black beech wood

Color: Black

<p style="margin-bottom: 1rem;">The wood used comes from a reforestation program plantation, to preserve and conserve the natural heritage, ensuring a strict control of all the various stages of production.

<p style="margin-bottom: 1rem;">Being wood a natural material, if exposed to direct sunlight, it can change colour in times. Do not expose to weather or direct sources of lighting (spotlights, light). Avoid direct contact with metal or sharp items, that may cause scratches. To clean it, use a soft cloth, lightly moistened and dry. Do not use chemicals, solvents, abrasives and products for cleaning and polishing of wood, alcohol, thinners, acetone (please refer to the product chart).

<p style="margin-bottom: 1rem;">The colours on the screen, for well known technical reasons, are indicative only and may differ from the actual finish.
